

Pioneer® brand Maize Silage hybrid trait characteristics for 2021-2022

Hybrid	Yield and maturity					Plant traits							Silage quality traits		Hybrid disease ratings ¹¹			Recommended established plant populations (000's/ha) ^{13, 14, 15}		
	Silage CRM ¹	Grain yield for maturity ²	Silage yield for maturity ²	Adaptability to high population ³	Adaptability to low population ⁴ (ear flex)	Drought tolerance	Stalk strength	Root strength	Early growth ⁵	Plant height ⁶	Staygreen ⁷	Whole plant digestibility ⁸	Starch and sugar ⁹	Northern Leaf Blight ¹⁰	Common Rust	Eyespot ¹⁰	Challenging yield environments	Medium yield environments	High yield environments

Ratings 9 = Outstanding 1 = Poor
CRM = Comparative Relative Maturity

- = Insufficient data available
n/a = Not applicable

NEW = New hybrid
